## G-route bus service to continue after Ashford Borough Council pledges financial support...

*Dear Resident,*

We are delighted to tell you that Ashford Borough Council and Stagecoach South East have announced a 12-month reprieve for the G-route bus service which was due to be withdrawn in April.

Following our intervention on behalf of Repton residents, a series of high-level talks took place and the authority has pledged financial support to enable the service to continue operating for another year from 19 April, albeit at a reduced frequency of one bus an hour, compared to the current 30 minute frequency.

We encourage all residents to support our local bus services as this will help to ensure they remain viable in the future. Please turn over for details of the revised timetable, and a map of the services available in Ashford.
